Company Profile

SHENZHEN LOBOO MOTOR ACCESSORIES CO., LTD is a production-oriented manufacturer specializing in the motorcycle long-distance travel supplies market. The company integrates research and development, production, brand promotion, sales, and motorcycle culture research into one entity.

The company's R&D team has accumulated rich experience and technology in the application of various materials such as hardware, electronics, plastics, and fabrics in motorcycle travel products over the years. In addition to the main motorcycle aluminum alloy cases and peripheral supporting products, it is also committed to the research of electronic modification parts around motorcycles, body protection parts, and personal wearable equipment.

Brand Story

Motorcycle touring, unlike other forms of travel, allows you to connect more closely with nature, feel the wind and freedom, and temporarily let go of the pressures and constraints of work and daily life. Of course, the journey brings unpredictable adventures and challenges as well. The two founders of the brand, during their years of motorcycle touring -especially in uninhabited areas like Tibet and Xinjiang in China-deeply realized the harsh environments that motorcycle gear must endure and the difficulties faced by enthusiasts in choosing the ideal gear.

So in 2013, they decided to establish the LOBOO brand, dedicated to providing motorcyclists worldwide with professional, practical, reliable, safe, and comfortable touring gear. With a professional R&D and road-testing team, we continuously explore and innovate to make your journeys safer, easier, and more enjoyable!

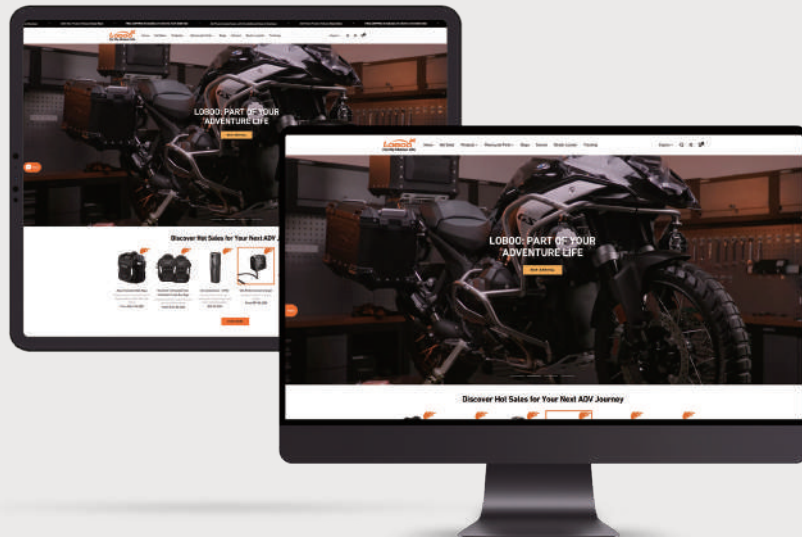

MORE PROFESSIONAL
BETTER RIDING

Aluminum Alloy Cases Set

- 15 CONQUEROR Series
- 19 PIKE TRACKER Series
- 23 TIBET Series
- 24 TIBET B Series
- 25 Accessories

CONQUEROR Series

CONQUEROR Series are made for adventures. These strong and sleek premium aluminium touring cases are suited for any driving situation and offers high durability and protection from water and dust as well.

CONQUEROR Series also features strong carrying handles, High-strength aluminum sheet metal, corner caps and a large chamfer on the lower edge to optimize lean angle and ground clearance for cornering. Proudly designed and made in China.

Watch the Video

Protection from water and dust

CONQUEROR Series have been designed waterproof and dust proof. Therefore, replaceable sealing components, punch rivet technology and performance tests are employed. German-imported rivets and waterproof seals, delivering exceptional water resistance that ensures worry-free riding even during torrential downpours - riders can confidently navigate through heavy rains without leakage concerns.

Impressive features, stunning design

The completely removable deep-drawn lid with quick-release latches and restricting ropes provides high stability even when used as a seat. Stable aluminum handles allow easy mounting to the bike and carrying. Four robust tie-down points, integrated into the lid corners provide additional loading options.

Choose your own Case Set

CONQUEROR Series is suited for any driving situation - whether the rider takes his luggage off road, through the sloping curves of a relaxed road cruise or for a short trip to the city. The cases are mounted, secured and removable within seconds.

Lid Fastening Rod

Engineered to expand storage capacity, this aerospace-grade aluminum alloy bar provides secure mounting points for waterproof bags and additional gear, delivering enhanced utility without compromising structural integrity.

CONQUEROR Series side cases are available in two sizes and two colors. Silver cases are anodized, black cases have a powder coated finish that provides excellent protection from oxidation and abrasion.

Specifications

- Left Side Case:
C45L(526 X 315 X 378MM)
- Right Side Case:
C45R (526 X 315 X 378MM)
C38R(Avoiding Exhaust) (526 X 288 X 378MM)
- Top Case: C40T (416 X 318 X 362MM)

CONQUEROR Series Side Cases and Top Case

CONQUEROR Series Side Cases and Top Case

CONQUEROR Series Accessories

PIKE TRACKER Series

- Excellent aluminum alloy material
- higher strength and more flexible
- Safe and fast disassembly
- Special retractable key
- High quality lock cylinder
- Avoiding exhaust design
- Large oblique wrap angle at bottom
- 3M High brightness Reflected warning
- Soft backrest pad
- Intelligent sensor light
- Storage mesh pocket in the lid
- Storage bag in the lid

Watch the Video

High strength aluminum alloy

Excellent aluminum alloy material, higher strength and more flexible.

High quality lock cylinder

Waterproof and dustproof design, embedded 5 shrapnel, ultra-low reopening rate.

Dual Hinge Design for the Case Lid

Wide opening angle with limit function, to avoid the lid and cases collision due to excessive flip cases lid.

Inner liner

Effectively avoid scratching from items inside the case.

Modification Parts

- 33 Upper and Lower Crash Bars
- 35 Engine Guard
- 37 Gear Shift Lever
- 39 Side Stand Support Extension
- 41 Radiator Guard
- 42 Headlight Guard
- 43 Windscreen
- 45 GPS Mount
- 47 Bar Risers
- 48 Carbon Fiber Radiator Panel
- 49 Foldable Rearview Mirrors
- 51 Handguards

Upper and Lower Crash Bars

Upper and Lower Crash Bars from LOBOO provide the necessary increase in protection for tank, cylinder Head and other components.

The protective frames are Custom-made for specific models motorcycle model.This way the crash bar can fit well with the bikes design without compromising riding and cornering quality.

- Features**
- Pre-installed Auxiliary Lights Mount
 - Cylinder Head Protection Design
 - Replaceable Cushion Module
 - Non-destructive installation
 - Custom-made for specific models

Material	304 Stainless steel
Surface treatment	Electrolytic or Electrostatic spraying

Engine Guard

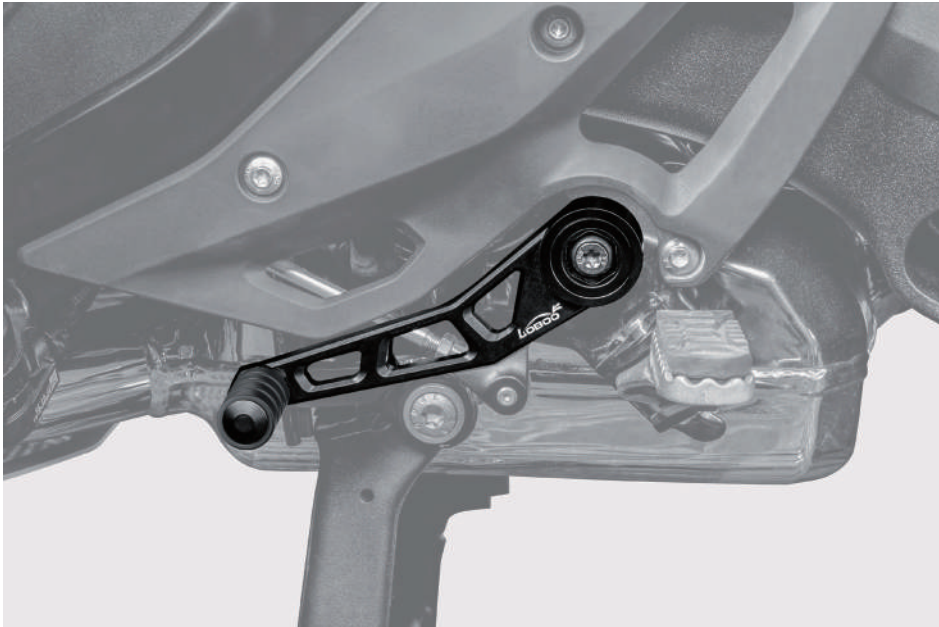

Protection on or off the road, our High strength aluminum alloy engine guards will prevent major damage from stone chips and collisions. State-of-the-art production.

Technologies ensure perfect fit without compromising the motorcycles ground clearance.

The attacent to original frame mounting points provides a secure fit and easy installation.

- Features**
- Comprehensive engine protection
 - High strength aluminum alloy
 - Seamless Installation
 - Rational design effectively blocks gravel

Material	Aluminum alloy
Surface treatment	Hard Anodizing

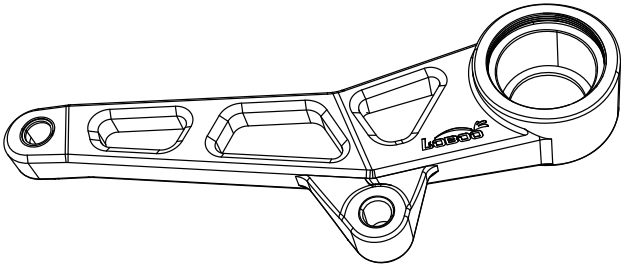

Gear Shift Lever

Gear Shift Lever made by LOBOO combine selected materials, innovative design and perfect fit.

- Features**
- High-Strength Aluminum Alloy
 - Designed based on OEM specifications to replace the original plastic lever.
 - Seamless Installation
 - Durable precision construction with reinforced surfaces.

Material	Aluminum alloy
Machining Process	CNC

Side Stand Support Extension

LOBOO side stand extensions offer a large contact surface to improve the motorcycle's parking on uneven or soft surfaces.

- Features**
- Increase side stand foot support
 - Developed by original vehicle data
 - Non-destructive installation design
 - Anodized to protect the surface

Material	Aluminum alloy
Machining Process	CNC

Before installation

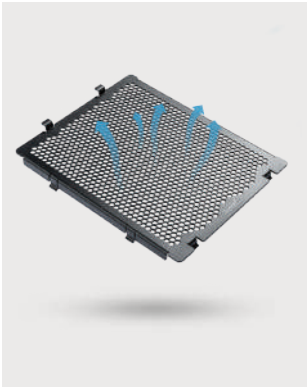

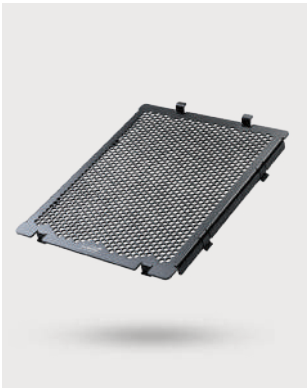

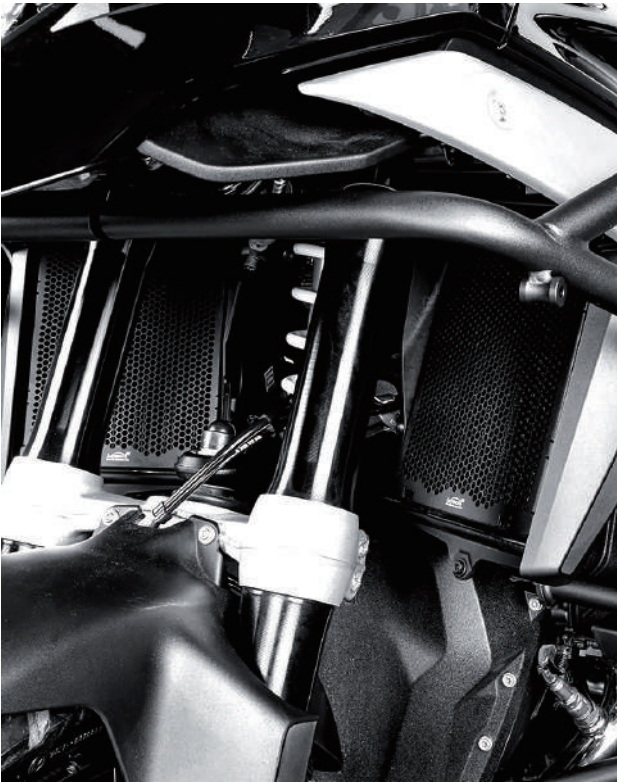

Anti-slip groove design

After installation

High strength aluminum alloy CNC process

Radiator Guard

The LOBOO Radiator Guard is made of a high-strenght aluminum alloy, which not only effectively prevents grave intrusion but also satisfies the lightweight criteria essential for motorcycles.

The design of air conduction,enhanced heat dissipation efficiency and exceptional anodized (sandblast) finishing process provide more effective surface protection.

- Features**
- High strength aluminum alloy
 - Effective block gravel
 - Non-destructive installation design
 - Air conduction design
 - Anodized(Sandblast) to protect the surface

Material	Aluminum alloy
Surface treatment	Oxidation process(Sandblast)

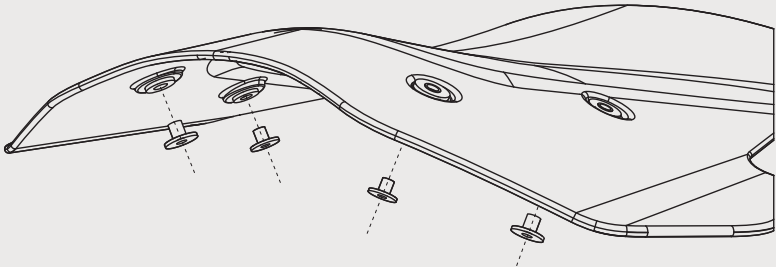

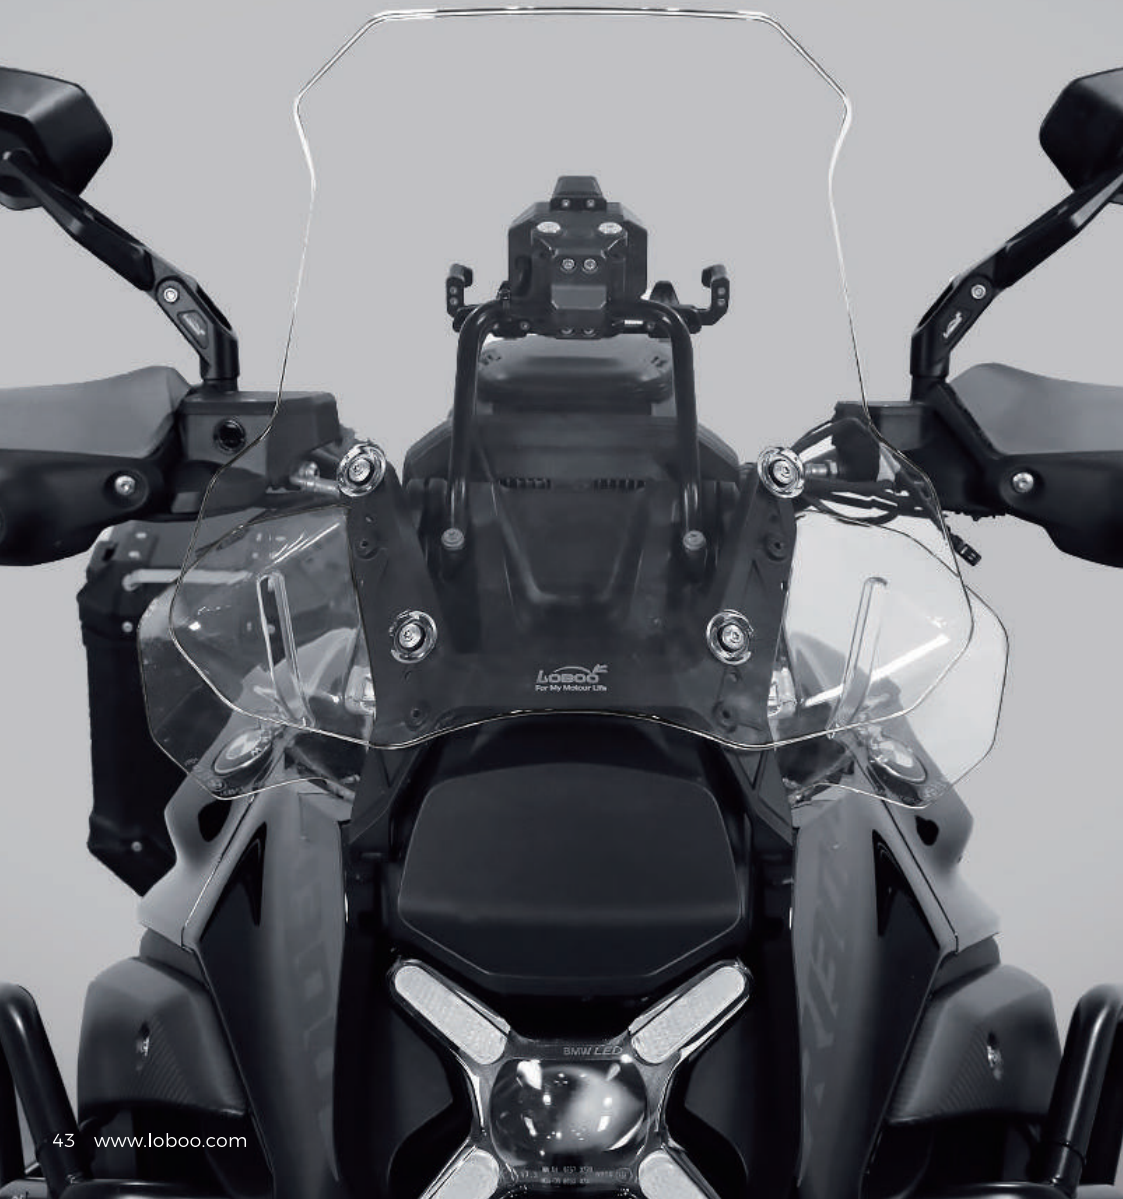

Headlight Guard

The Headlight Guard produced by LOBOO is constructed from PC injection molding which not only safeguards the original headlight but also achieves high transparency and exceptional light transmission with minimal distortion.

- Features**
- High Transparency Excellent light transmission with minimal distortion
 - The desian features a magnetic opening and closing mechanism, making it easier to clean

Material	PC
Machining Process	Injection Molding

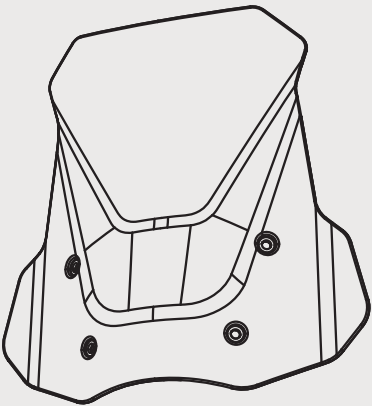

Windscreen

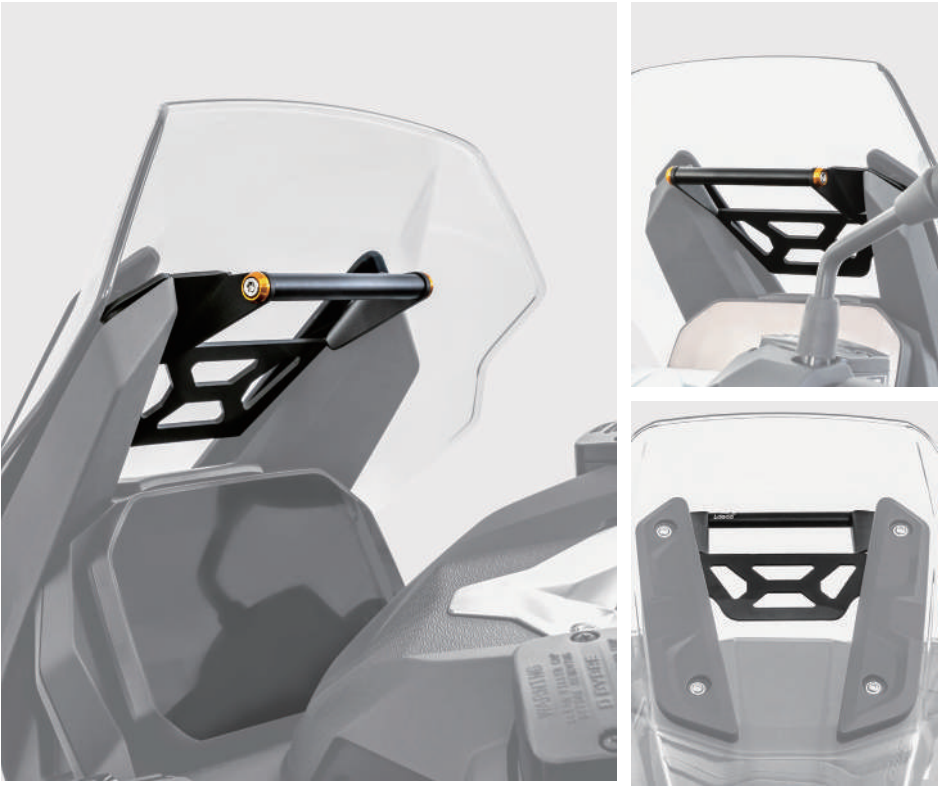

Windscreen made by LOBOO combine selected materials, innovative design and perfect fit.

Enhanced design featuring a taller and broader streamlined windscreen that seamlessly adjusts to different riding situations.

- Features**
- Robust Design Aesthetics
 - The enlarged and widened design
 - Surface Hardening Treatment
 - High Light Transmission

Material	PC
Machining Process	Injection Molding

GPS Mount

The GPS mount's pivot shaft is CNC-machined from high-strength, lightweight aluminum alloy, while the main bracket is made of 304 stainless steel. Compatible with most phone holders, GPS units, and dash cams.

- Features**
- High strength aluminum alloy
 - Non-destructive installation design

Material	Aluminum alloy / Stainless steel
----------	----------------------------------

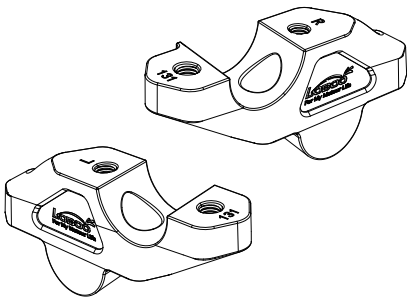

Bar Risers

The ergonomically designed Bar Risers deliver a more natural riding position and superior comfort.

Features

- Ergonomic Design enhanced comfort for long rides
- High-Strength Aluminum Alloy
- Non-destructive installation design
- Anodized Finish

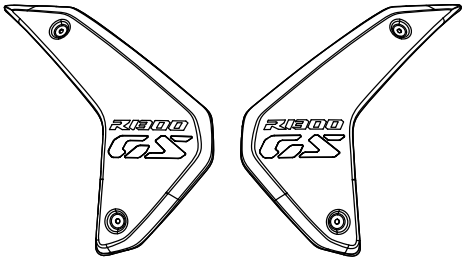

Material	Aluminum alloy
Machining Process	CNC
Surface treatment	Anodized Finish

Carbon Fiber Radiator Panel

Features

- Original vehicle aata molding
- Lightweight design, reducing vehicle weight.
- Non-destructive installation design

Material	Carbon Fiber

Handguards

The Handguard Mounting Kits feature side sliders with integrated cushioning pads for added protection. LOBOO handguards are crafted from lightweight aluminum alloy, and the wind deflector height can be easily adjusted to suit different riding conditions or removed if needed.

- Features**
- Lightweight design durable and reliable
 - Quick adjustment design
 - Optional turn signals

Material	Aluminum alloy
Model	CHS081
SKU-Black	10.3.22081.101.01
SKU-White	11.3.34081.001.01

Electronics

PH06 Phone Holder

Phone Holder & PH06 made by LOBOO combine choice materials, innovative design and perfect fit. Larger amplitude better vibration damping, Magnetic vibration damping, One-touch locking clamping.

- Features**
- Magnetic vibration damping
 - One-touch locking clamping
 - Convenient to use
 - Aluminum alloy material sturdy and durable

Applicable phone sizes:
Width 65-92mm, Length 125-169mm, Thickness ≤12.5mm(including phone case)

PH06-WXBZ	With Charging Handlebar Version	SKU: 10.3.08006.001.11
PH06-BZ	Without Charging Handlebar Version	SKU: 10.3.08006.004.11
PH06-WXMR	With Charging Rearview Mirror Version	SKU: 10.3.08006.003.11
PH06-MR	Without Charging Rearview Mirror Version	SKU: 10.3.08006.006.11
PH06-HC13MM	With Charging 13mm Bracket Version	SKU: 10.3.08006.002.11
PH06-WC13MM	Without Charging 13mm Bracket Version	SKU: 10.3.08006.005.11
PH06-WXBZS	With Charging Sport Bike Model	SKU: 10.3.08006.007.11
PH06-BZS	Without Charging Sport Bike Model	SKU: 10.3.08006.008.11

Magnetic vibration damping

Greater amplitude, better vibration damping, effective protection of camera and other components.

Adjustable bracket angle

Mechanical structure for easy rotation and adjustment.

Wired fast charging / Wireless charging integrated design

Multiple usage scenarios for effortless charging.

One-touch locking clamping Tool-less fastening

Quick loading, suitable for unpaved road driving.

PH02S Phone Holder

Phone Holder & PH02S made by LOBOO combine choice materials, innovative design and perfect fit. Adjustable design compatible with most phones.

Applicable phone sizes:
Width 65-98mm, Length 125-170mm, Thickness ≤13mm(including phone case)

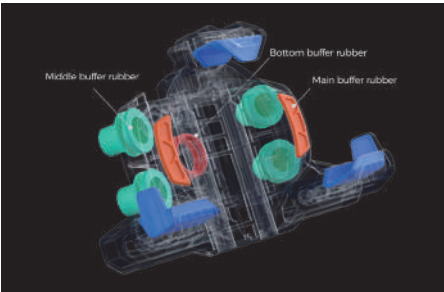

- Features**
- Multi-stage damping structure
 - LOBOO classic clamping structure
 - The mechanical gear can rotate at multiple angles

PH02S-WXBZ	With Charging Handlebar Version	SKU: 10.3.08002.104.11
PH02S-BZ	Without Charging Handlebar Version	SKU: 10.3.08002.112.11
PH02S-WXMR	With Charging Rearview Mirror Version	SKU: 10.3.08002.118.11
PH02S-MR	Without Charging Rearview Mirror Version	SKU: 10.3.08002.124.11
PH02S-HC13MM	With Charging 13mm Bracket Version	SKU: 10.3.08002.130.11
PH02S-WC13MM	Without Charging 13mm Bracket Version	SKU: 10.3.08002.136.11

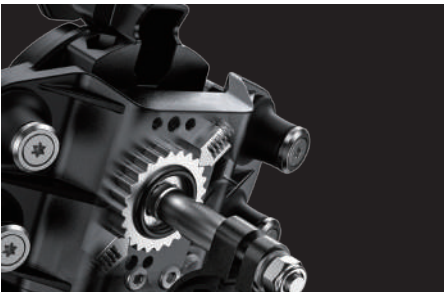

LOBOO classic clamping structure

In the event of severe road conditions, it remains stable and secure.

Multi-stage damping structure

Reducing the impact of vehicle vibration and road bumps on the phone, thus protecting fragile components such as the screen and camera etc.

The mechanical gear can rotates at multiple angles

Can be seamless switching between horizontal and vertical with smooth resistance.

More Lighter Durable

High strength engineering plastic + Alloy combination is strong, durable and lighter.

Applicable range: motorcycles within the original battery size

Lithium Battery

More Comprehensive safety and Security Comprehensive safety guarantees for motorcycle travel.

Model: CL6E-U
SKU: 10.1.04060.001.01

Applicable range: motorcycles with displacement of 900CC or below

Lithium Battery

More Comprehensive safety and Security Comprehensive safety guarantees for motorcycle travel.

Features

- Small size and lightweight
- Battery capacity: 6Ah
- 45C high-rate discharge
- High quality lithium iron phosphate battery
- Dual positive and negative pole design
- Built-in low-temperature charging heating function
- IP67 dustproof and waterproof
- Charge and discharge cycle times of 2000+
- Stronger low-temperature starting ability than lead-acid batteries with the same capacity
- High current rapid charge and discharge
- Low discharge during not being used
- Charge balancing protection
- Short circuit protection
- Overcharge protection
- Over-discharge protection
- Over-current protection
- Temperature protection

Battery Tender

SKU	9.1.04001.001.01
Model	C40T
Input voltage	100-240V 50-60HZ
Output voltage	6V / 12V
Charging current	Slow charge 1A / Fast charge 4A
Applicable Battery Capacity	100W (MAX)
Dustproof & waterproof grade	IP65

Air Compressor

Features

- Compact & portable
- Carbon fiber push rod all-metal movement
- Multiple heat dissipation, stable cooling, safer to use
- Structural noise reduction quieter use

SKU	10.1.09006.001.01
Model	CP06
Weight	294g / 10.37oz
Inflation Pressure	2 - 150PSI
Inflation Volume	35L / min
DC Power Supply	DC12V
Execution Standard	GB4706.1
Accuracy	±1PSI

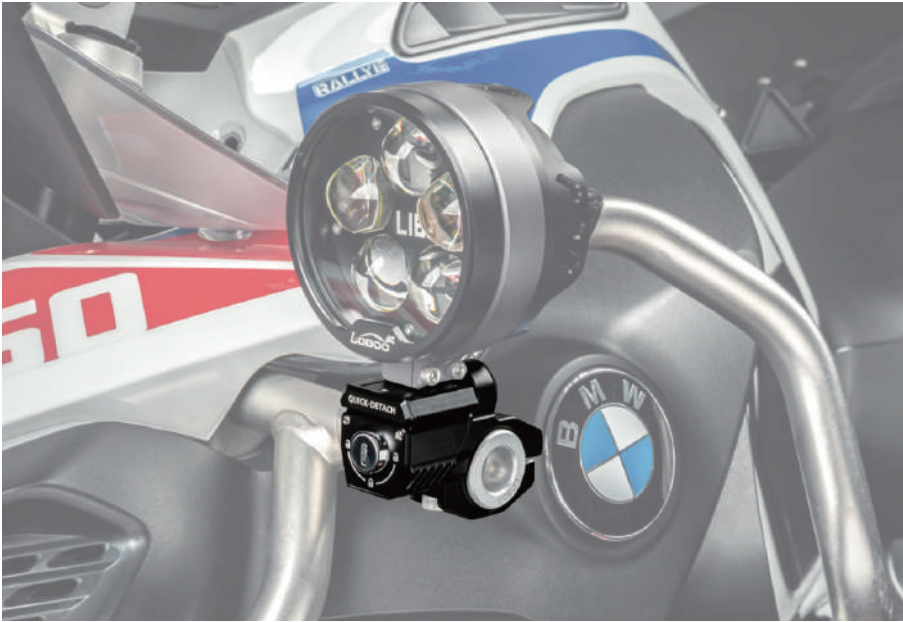

Type-C Fast Charging Elbow Cable

Features

- Pure copper wire core
- Maximum support for 60W charging power
- Elbow design, more convenient for charging during riding
- Synthetic fiber wire, resistant to pulling and aging
- Total length of 230mm

Features

- Pure copper wire core
- Plug and play
- High temperature resistance and anti-aging
- Wire gauge: 18AWG
- Fuse specification: 15A
- Specifications: 50cm length, 120cm length

Mini Battery Charger

Model: C20Pro SKU: 10.1.04021.001.02

Features

- Compact and portable
- USB-A input
- Compatible with chargers or power banks
- Intelligent charging without setting
- Short circuit protection
- Overcharge protection
- Positive and negative reverse connection protection
- Applicable for 12V lead-acid batteries, lithium iron phosphate batteries
- Charging battery capacity: 4-35Ah
- Standard with a quick connect charging cable

Heated Grips Cover

Model: H80 SKU: 10.1.02080.001.01

Features

- Patented wrap-around design
- Intelligent constant temperature control
- Four-stage heating adjustment: 38°C, 45°C, 52°C, 59°C
- Fast heating and uniform heat distribution
- Intelligent Vibration Sensing
- Low power consumption
- High voltage protection
- Input voltage: DC12-15V
