Company Profile

SHENZHEN LOBOO MOTOR ACCESSORIES CO., LTD is a production -oriented manufacturer specializing in the motorcycle long-distance travel supplies market.The company integrates research and development, production, brand promotion, sales, and motorcycle culture research into one entity.

The company's R&D team has accumulated rich experience and technology in the application of various materials such as hardware, electronics, plastics, and fabrics in motorcycle travel products over the years.In addition to the main motorcycle aluminum alloy cases and peripheral supporting products, it is also committed to the research of electronic modification parts around motorcycles, body protection parts, and personal wearable equipment.

Brand Story

Motorcycle touring, unlike other forms of travel, allows you to connect more closely with nature, feel the wind and freedom, and temporarily let go of the pressures and constraints of work and daily life. Of course, the journey brings unpredictable adventures and challenges as well. The brand's founder, during many years of motorcycle touring -especially in uninhabited areas like Tibet and Xinjiang in China-deeply realized the harsh environments that motorcycle gear must endure and the difficulties faced by enthusiasts in choosing the ideal gear.

Since 2013, he decided to establish the LOBOO brand, dedicated to providing motorcyclists worldwide with professional, practical, reliable, safe, and comfortable touring gear. With a professional R&D and road-testing team, we continuously explore and innovate to make your journeys safer, easier, and more enjoyable!

Aluminum Alloy Cases Set

16 CONQUEROR Series

22 PIKE TRACKER Series

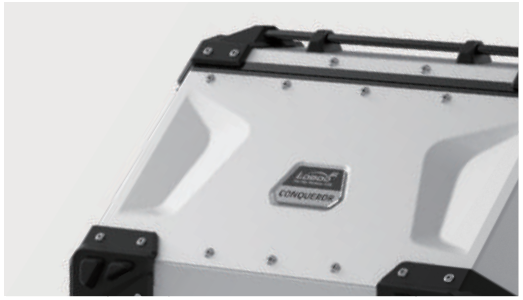

28 TIBET & TIBET B Series

CONQUEROR Series

CONQUEROR Series are made for adventures. These strong and sleek premium aluminium touring cases are suited for any driving situation and offers high durability and protection from water and dust as well.
CONQUEROR Series also features strong carrying handles,High-strength aluminum sheet metal.corner caps and a large chamfer on thelower edge to optimize lean angle and ground clearance for cornering.Proudly designed and made in China.

Watch the Video

Protection from water and dust

CONQUEROR Series have been designed waterproof and dust proof. Therefore,replaceable sealing components,punch rivet technology and performance tests are employed.German-imported rivets and waterproof seals, delivering exceptional water resistance that ensures worry-free riding even during torrential downpours - riders can confidently navigate through heavy rains without leakage concerns.

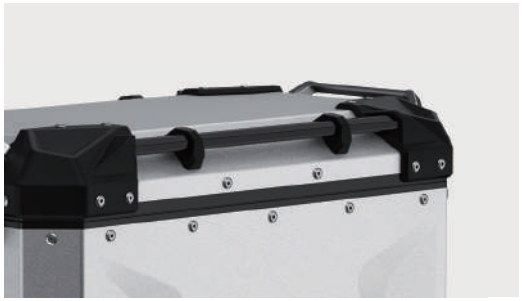

Impressive features, stunning design

The completely removable deep-drawn lid with quick -release latches and restricting ropes provides high stability even when used as a seat. Stable aluminum handles allow easy mounting to the bike and carrying, Four robust tie-down points, integrated into the lid corners provide additional loading options.

Choose your own Case Set

CONQUEROR Series is suited for any driving situation -whether the rider takes his luggage off road, through the sloping curves of a relaxed road cruise or for a short trip to the city.The cases are mounted, secured and removable within seconds.

Lid Fastening Rod

Engineered to expand storage capacity, this aerospace -grade aluminum alloy bar provides secure mounting points for waterproof bags and additional gear, delivering enhanced utility without compromising structural integrity.

Aluminum Alloy Cases Set | CONQUEROR Series

CONQUEROR Series side cases are available in two sizes and two colors. Both the silver and black box surfaces are treated with an anodizing process, which provides excellent protection against oxidation and abrasion.

Specifications

Left Side Case:
C45L(526 X 315 X 378MM)
C35L(488 X 397 X 267MM)
Right Side Case:
C45R (526 X 315 X 378MM)
C38R(Avoiding Exhaust) (527 X 380 X 291MM)
C30R(Avoiding Exhaust) (488 X 397 X 243MM)
Top Case:
C40T (416 X 363 X 379MM)

Aluminum Alloy Cases Set | PIKE TRACKER Series

High strength aluminum alloy

Excellent aluminum alloy material, higher strength and more flexible.

High quality lock cylinder

Waterproof and dustproof design, built-in 5-layer spring latch minimizes accidental reopening, ultra-low reopening rate.

Dual Hinge Design for the Case Lid

Wide opening angle with limit function, to avoid the lid and cases collision due to excessive flip cases lid.

Inner liner

Effectively avoid scratching from items inside the case.

Modification Parts | Upper and Lower Crash Bars

Upper and Lower Crash Bars

Upper and Lower Crash Bars from LOBOO provide the necessary increase in protection for tank, cylinder Head and other components.

The crash bar are Custom-made for specific models motorcycle model.This way the crash bar can fit well with the bikes design without compromising riding and cornering quality.

Features

- Pre-installed Auxiliary Lights Mount
- Cylinder Head Protection Design
- Replaceable Cushion Module
- Non-destructive installation
- Custom-made for specific models

Material	304 Stainless steel
Surface treatment	Electrolytic or Electrostatic spraying

Engine Guard

Protection on and off the road, our High strength aluminum alloy engine guards will prevent major damage from stone chips and collisions. State-of-the-art production.

Technology ensure perfect fit without compromising the motorcycle's ground clearance.

The attachment to original frame mounting points provides a secure fit and easy installation.

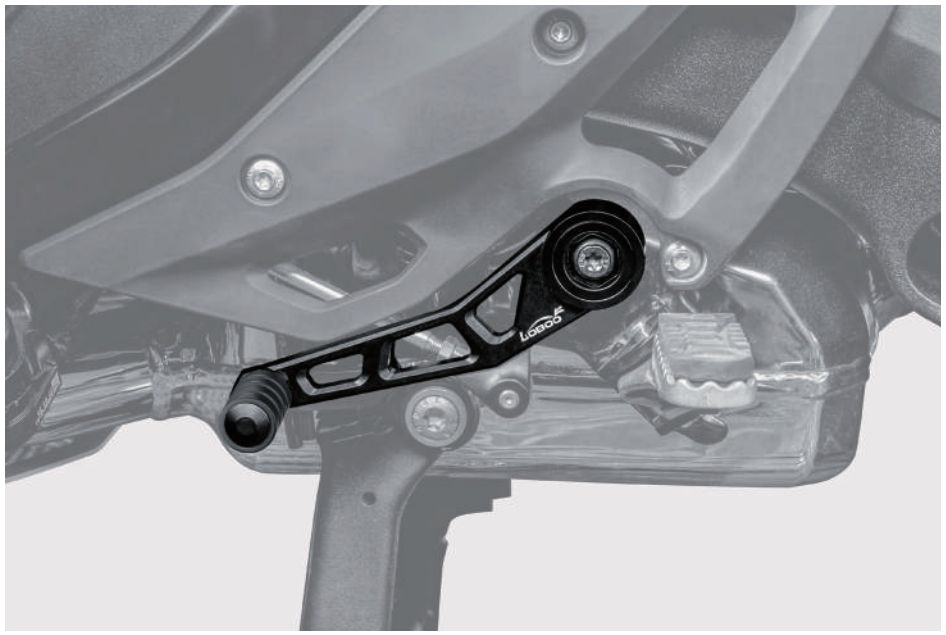

Features

- Comprehensive engine protection
- High strength aluminum alloy
- Seamless Installation
- Rational design effectively blocks gravel

Material	Aluminum alloy
Surface treatment	Hard Anodizing

Modification Parts | Gear Shift Lever

Gear Shift Lever

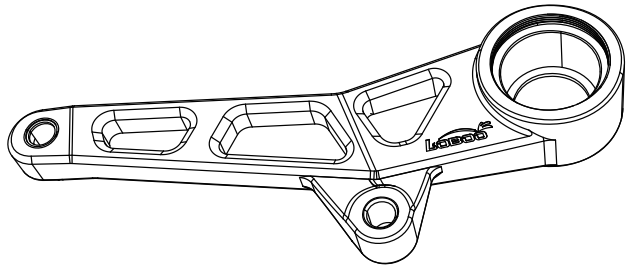

Gear Shift Lever made by LOBOO combines selected materials, innovative design and perfect fit.

Features

- High-Strength Aluminum Alloy
- Designed based on OEM specifications to replace the original plastic lever.
- Seamless Installation
  Durable precision construction with reinforced surfaces.

Material	Aluminum alloy
Machining Process	CNC

High-quality

Kickstand Extension

LOBOO side stand extensions offer a large contact surface to improve the motorcycle's parking on uneven or soft surfaces.

Features

- Increase side stand foot support
- Developed by original vehicle data
- Non-destructive installation design
- Anodized to protect the surface

Material	Aluminum alloy
Machining Process	CNC

Before installation

Anti-slip groove design

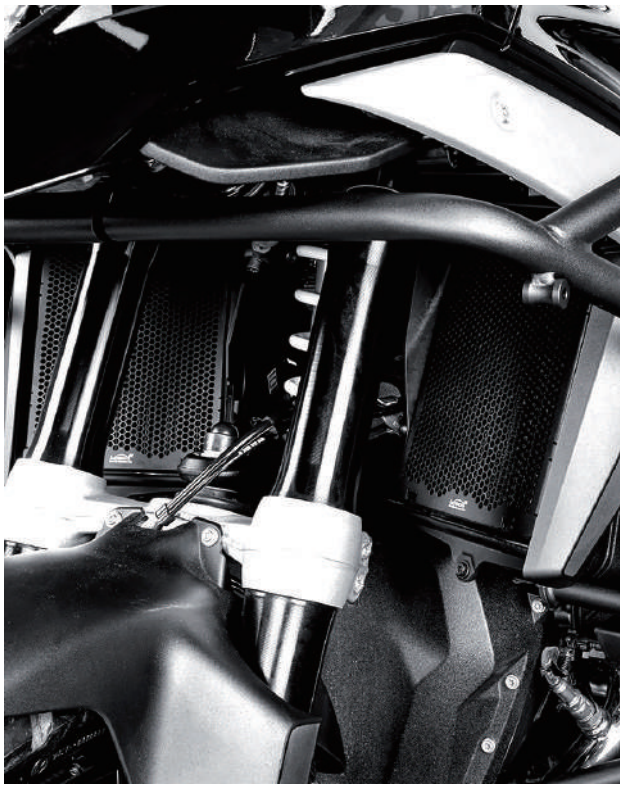

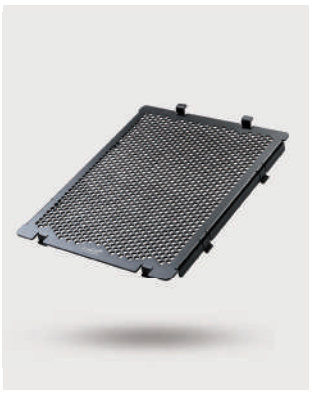

After installation

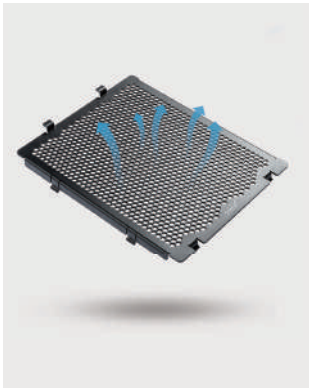

High strength aluminum alloy CNC process

Modification Parts | Kickstand Extension

Radiator Guards

The LOBOO Radiator Guards are made of a high-strenght aluminum alloy, which not only effectively prevent grave intrusion but also satisfy the lightweight criteria essential for motorcycles.

The design of air conduction,enhanced heat dissipation efficiency and exceptional anodized (sandblast) finishing process provide more effective surface protection.

Features

- High strength aluminum alloy
- Effective block gravel
- Non-destructive installation design
- Air conduction design
- Anodized(Sandblast) to protect the surface

Material	Aluminum alloy
Surface treatment	Oxidation process(Sandblast)

Headlight Guard

The Headlight Guard produced by LOBOO is constructed from PC injection molding which not only safeguards the original headlight but also achieves high transparency and exceptional light transmission with minimal distorsion.

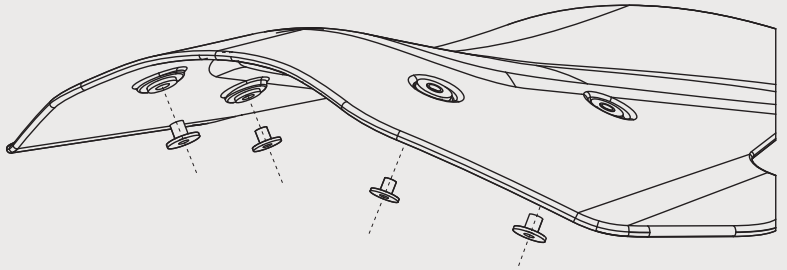

Features

- High Transparency Excellent light transmission with minimal distortion
- The desian features a magnetic opening and closing mechanism, making it easier to clean

Material	PC
Machining Process	Injection Molding

Windscreen

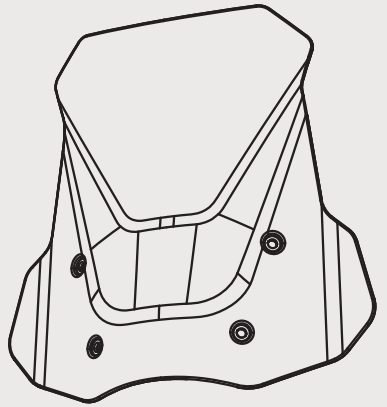

Windscreen made by LOBOO combine selected materials, innovative design and perfect fit.

Enhanced design featuring a taller and broader streamlined windscreen that seamlessly adjusts to different riding situations.

Features

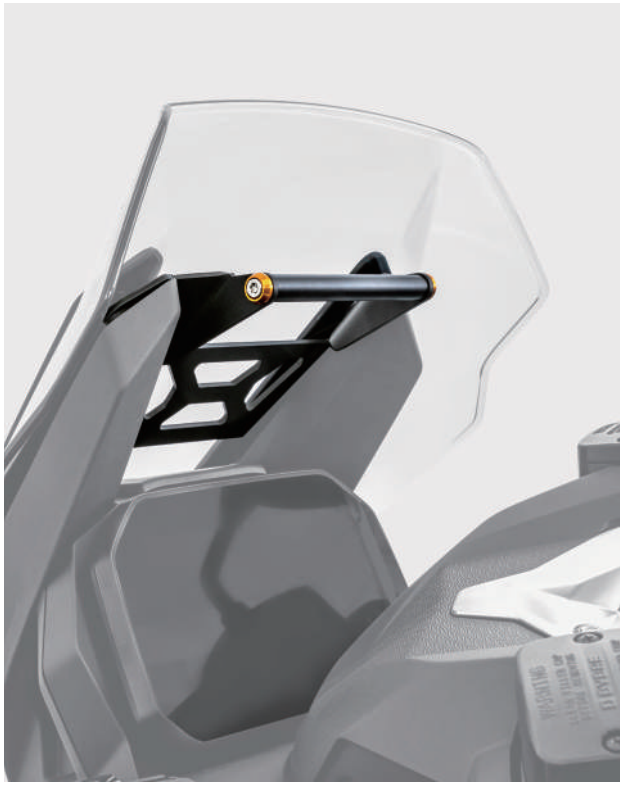

- Robust Design Aesthetics
- The enlarged and widened design
- Surface Hardening Treatment
- High Light Transmission

Material	PC
Machining Process	Injection Molding

Modification Parts | GPS Mount

GPS Mount

The GPS mount's pivot shaft is CNC-machined from high-strength, lightweight aluminum alloy, while the main bracket is made of 304 stainless steel. Compatible with most phone holders, GPS units, and dash cams.

Features

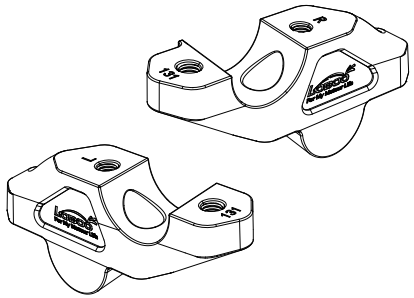

- High strength aluminum alloy
- Non-destructive installation design

Material	Aluminum alloy / Stainless steel

Bar Risers

The ergonomically designed Bar Risers deliver a more natural riding position and superior comfort.

Features

- Ergonomic Design enhanced comfort for long rides
- High-Strength Aluminum Alloy
- Non-destructive installation design
- Anodized Finish

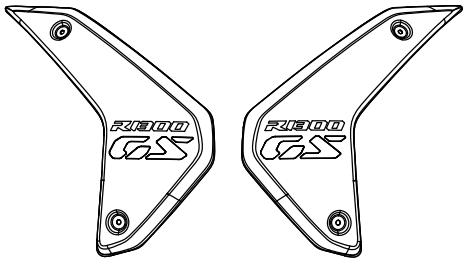

Material	Aluminum alloy
Machining Process	CNC
Surface treatment	Anodized Finish

Carbon Fiber Radiator Panels

Features

- Original vehicle aata molding
- Lightweight design, reducing vehicle weight.
- Non-destructive installation design

Material	Carbon Fiber

PH04 Phone Holder

The PH04 Motorcycle Phone Holder adopts mechanical shock absorption to protect your phone from vibration on rides, supports one-handed quick pick-and-place, features a compact streamlined design to save space, and its fully rotatable bracket enables free vertical and horizontal screen adjustment for all riding scenarios.

Features

- Mechanical vibration damping
- Compact size
- One-hand magnetic alignment
- Eight-fold safety protection

PH04-WXBZ	**With Charging Handlebar Version**	SKU: 11.3.08004.001.11
PH04-BZ	**Without Charging Handlebar Version**	SKU: 11.3.08004.002.11
PH04-WXMR	**With Charging Rearview Mirror Version**	SKU: 11.3.08004.015.11
PH04-MR	**Without Charging Rearview Mirror Version**	SKU: 11.3.08004.014.11

PH04-WC13MM	**Without Charging 13mm Bracket Version**	SKU: 11.3.08004.004.11

Magnetic vibration damping

Reduces vibration by increasing amplitude to protect fragile components.

360˚ Main Unit Rotation

Mechanical swivel design for easier adjustment.

One-Hand Quick Phone Access

Magnetic alignment, Mechanical lock, One-button release.

15W Wireless Fast Charge
30W Wired Fast Charge

Supports dual-phone simultaneous charging.
PD wired charging: faster and stable.
Wireless charging: more convenient.

PH06 Phone Holder

Phone Holders made by LOBOO combines choice materials, innovative design and perfect fit. Larger amplitude better vibration damping, Magnetic vibration damping, One-touch locking clamping.

Applicable phone sizes:
Width 65-92mm, Length 125-169mm, Thickness ≤12.5mm(including phone case)

Features

- Magnetic vibration damping
- One-touch locking clamping
- Convenient to use
- Aluminum alloy material sturdy and durable

PH06-WXBZ	**With Charging Handlebar Version**	SKU: 10.3.08006.001.11
PH06-BZ	**Without Charging Handlebar Version**	SKU: 10.3.08006.004.11
PH06-WXMR	**With Charging Rearview Mirror Version**	SKU: 10.3.08006.003.11
PH06-MR	**Without Charging Rearview Mirror Version**	SKU: 10.3.08006.006.11
PH06-HC13MM	**With Charging 13mm Bracket Version**	SKU: 10.3.08006.002.11
PH06-WC13MM	**Without Charging 13mm Bracket Version**	SKU: 10.3.08006.005.11
PH06-WXBZS	**With Charging Sport Bike Model**	SKU: 10.3.08006.007.11
PH06-BZS	**Without Charging Sport Bike Model**	SKU: 10.3.08006.008.11

Magnetic vibration damping

Greater amplitude, better vibration damping, effective protection of camera and other components.

Adjustable bracket angle

Mechanical structure for easy rotation and adjustment.

Wired fast charging / Wireless charging integrated design

Multiple usage scenarios for effortless charging.

One-touch locking clamping Tool-less fastening

Quick loading, suitable for unpaved road driving.

PH02S Phone Holder

Phone Holders made by LOBOO combines choice materials, innovative design and perfect fit. Adjustable design compatible with most phones.

Applicable phone sizes:
Width 65-98mm, Length 125-170mm, Thickness ≤13mm(including phone case)

Features

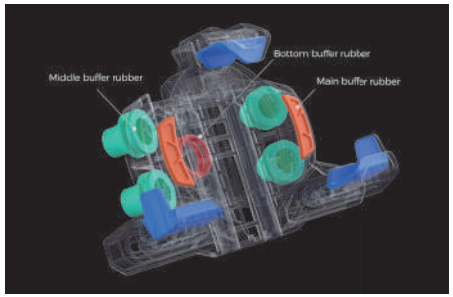

- Multi-stage damping structure
- LOBOO classic clamping structure
- The mechanical gear can rotate at multiple angles

PH02S-WXBZ	**With Charging Handlebar Version**	SKU: 10.3.08002.104.11
PH02S-BZ	**Without Charging Handlebar Version**	SKU: 10.3.08002.112.11
PH02S-WXMR	**With Charging Rearview Mirror Version**	SKU: 10.3.08002.118.11
PH02S-MR	**Without Charging Rearview Mirror Version**	SKU: 10.3.08002.124.11
PH02S-HC13MM	**With Charging 13mm Bracket Version**	SKU: 10.3.08002.130.11
PH02S-WC13MM	**Without Charging 13mm Bracket Version**	SKU: 10.3.08002.136.11

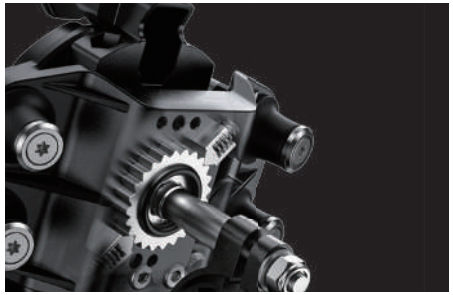

LOBOO classic clamping structure

In the event of severe road conditions, it remains stable and secure.

Multi-stage damping structure

Reducing the impact of vehicle vibration and road bumps on the phone, thus protecting fragile components such as the screen and camera etc.

The mechanical gear can rotates at multiple angles

Can be seamless switching between horizontal and vertical with smooth resistance.

More Lighter Durable

High strength engineering plastic + Alloy combination is strong, durable and lighter.

L7X High&Low Beam Auxiliary Light

- Dual-Color DRL Switching Eight Levels of Adjustable Brightness
- DRL Synchronized with Original Turn Signals
- Low Beam Cutoff Line Design

SKU	11.1.01407.001.01
Model	L7X
Input Voltage	12-15V
Dustproof and Waterproof	IP67
Product Material	Aluminum Alloy
Color Temperature	6000K (White Light)
Total luminous flux	12000 lumens (MAX)
Modes / Power	120W (MAX)
Color	Black
Specification	120.2 x 73.5 x 91.3MM (Per Auxiliary Light)

Low beam cutoff line design

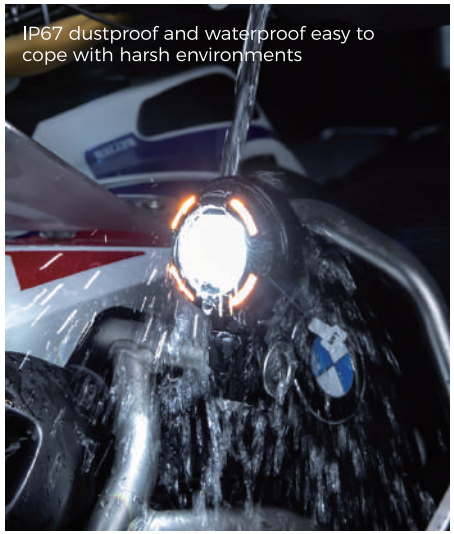

Horn flash warning original horn control

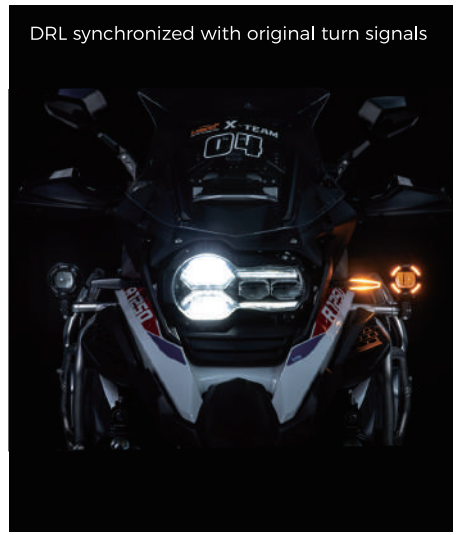

Supports multi-angle mounting

Various pipe diameters can be mounted

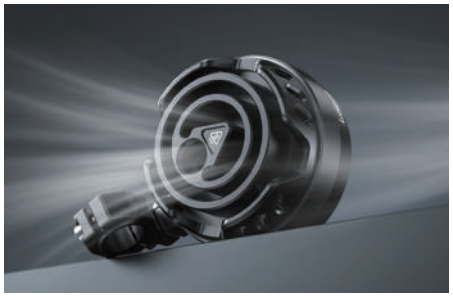

L18S High&Low Beam Auxiliary Light

- Wheel switch design eight-level brightness / color temperature adjustment
- Optional LOBOO quick detach lights mount
- High & low beam integrated multiple lighting modes

SKU	11.1.01018.001.01
Model	L18S
Input Voltage	12-15V
Dustproof and Waterproof	IP68
Product Material	Aluminum Alloy
Color Temperature	3000K-6000K
Total luminous flux	21000 lumens (MAX)
Modes / Power	Low beam mode（50W-165W）, High & low beam mode（65W-210W）
Color	Black
Specification	154.8 x 108.4 x 86.5MM (Per Auxiliary Light)

High & low beam integrated Multiple lighting modes

Aluminum Material Body Excellent heat dissipation

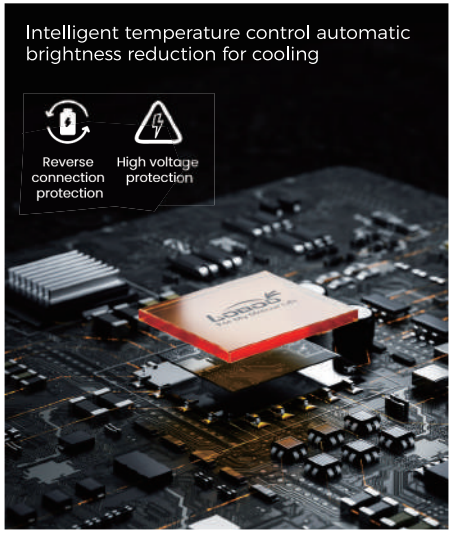

Supports multi-angle mounting

Various pipe diameters can be mounted

L16 High&Low Beam Auxiliary Light

- Eight brightness / color temperature levels adjustment
- Optional LOBOO quick detach lights mount
- Low beam tangent design has good paving effect

SKU	11.1.01016.001.01
Model	L16
Input Voltage	12-15V
Dustproof and Waterproof	IP68
Product Material	Aluminum Alloy
Color Temperature	3000K-6000K
Total luminous flux	19000 lumens (MAX)
Modes / Power	Low beam mode（50W-168W）, High & low beam mode（58W-190W）
Color	Black
Specification	139.3 x 97.9 x 88.5MM (Per Auxiliary Light)

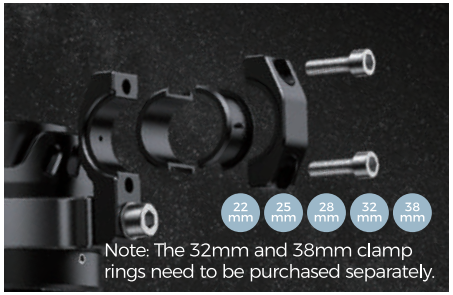

Low beam tangent design has good paving effect

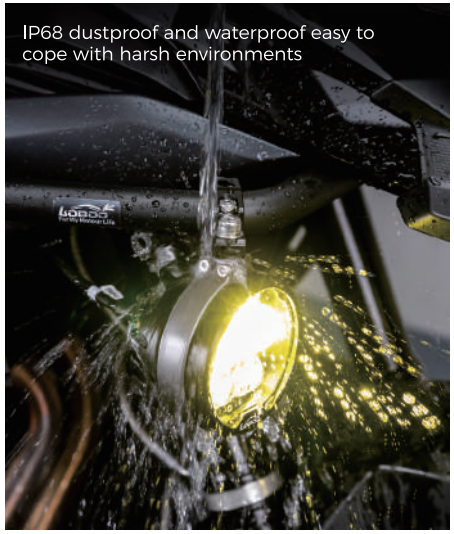

Horn flash warning original horn control

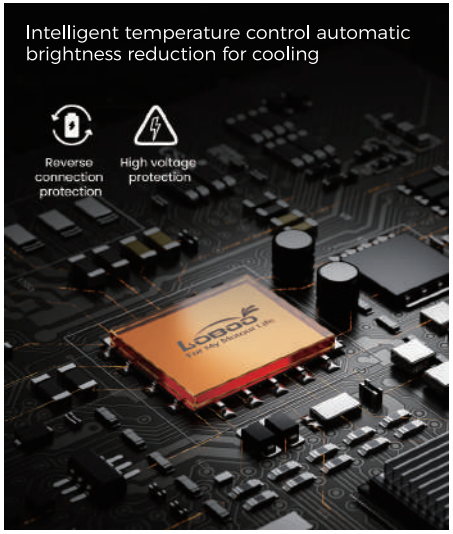

Supports multi-angle mounting

Various pipe diameters can be mounted

L11 High&Low Beam Auxiliary Light

- High and low beam switchable eight levels of adjustable brightness
- Optional LOBOO quick detach lights mount
- Total luminous flux up to 15,000 lumens
- High & low beam integrated multiple lighting modes

SKU	11.1.01111.001.01
Model	L11
Input Voltage	12-15V
Dustproof and Waterproof	IP68
Product Material	Aluminum Alloy
Color Temperature	6000K
Total luminous flux	15000 lumens (MAX)
Modes / Power	Low beam mode（25-80W）, High & low beam mode（45-180W）
Suitable for	DC 12V Fuel Motorcycle
Specification	127.8 x 85 x 86MM (Per Auxiliary Light)

7 Reasons to Choose R1X

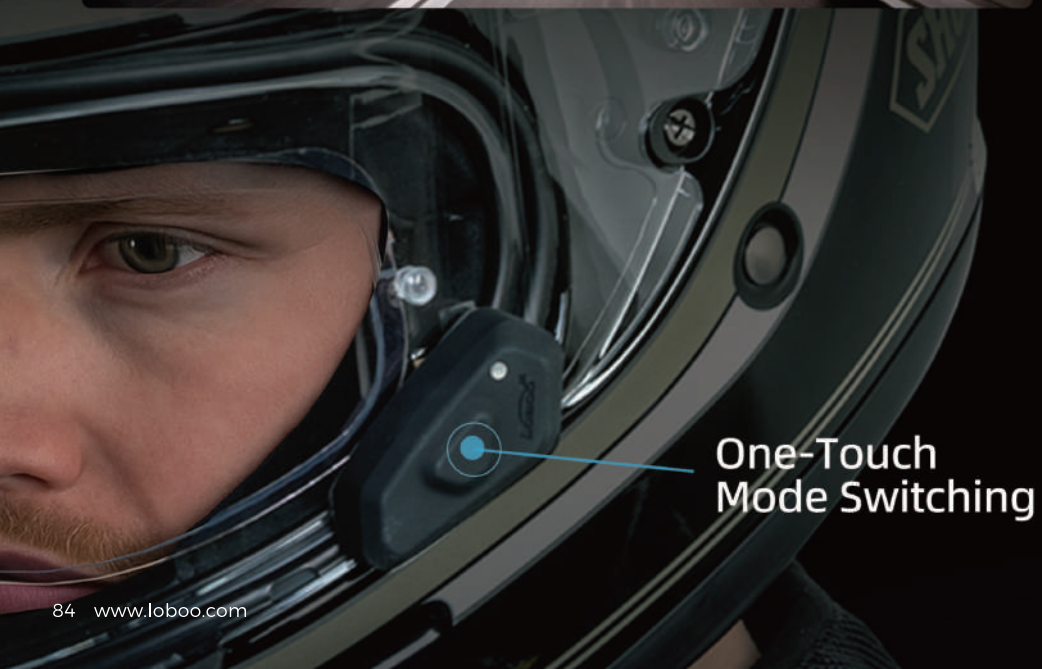

SKU	11.1.14001.001.71
Model	R1X
Bluetooth	5.2
Speaker	45mm/1.77in speaker unit
USB port	Type-C
Input	5V ⎓ 800mA
Base	Quick-Release Buckle Base
Dust / water resistance rating	IP67
Battery voltage	4.35V
Battery life	30h(normal playback) / 22h(max volume) / 20 days(standby)
Audio interface	DC 3.5
Operating temperature	-20℃ - +60℃
Product Size	87.4 x 45.6 x 12.1MM

Intelligent Photochromic Technology 0.01-Second Transition

Lens brightness can be switched manually or adjusted automatically based on environmental light changes.

Superior Anti-Fog Performance Maintain a Clear Vision

Multi-layer Composite Technology with High-Efficiency Hydrophobic Coating.

Lithium Battery

More Comprehensive safety and Security Comprehensive safety guarantees for motorcycle travel.

Features

- Small size and lightweight
- Battery capacity: 6Ah
- 45C high-rate discharge
- High quality lithium iron phosphate battery
- Dual positive and negative pole design
- IP67 dustproof and waterproof
- Charge and discharge cycle times of 2000+
- Stronger low-temperature starting ability than
- lead-acid batteries with the same capacity
- High current rapid charge and discharge
- Low discharge during not being used
- Charge balancing protection
- Short circuit protection
- Overcharge protection
- Over-discharge protection
- Over-current protection
- Temperature protection

Rigorous Safety Testing Ensures Reliable Usage

Passed FCC, CE, RoHS certifications and related testing standards, ensuring compliance with safety regulations and secure operation in harsh conditions.

Suitable For Both Inner and Outer Wear

Zoned heating element control allows separate front and rear heating

Middle Layer Uses 3M Cotton (3M Thinsulate) Technical Thermal Material

Built-in USB-A Power Cable In Pocket
Compatible with power banks supporting 5V/2A input voltage.

This product does not include power bank, for display only.
